Subject: Microsoft Settlement

To whom it may concern,

Since America was founded on freedom, I find it as my duty as an American citizen to bring up concerns I have with a recent ruling. The Proposed Final Judgement is perhaps the easiest, but not the best answer to this problem. Microsoft should not have the right to cripple modern technology. Our republic and business blood line is based on competition. I urge you to review violations committed by Microsoft.

Loyally,
Christine C. McGill, (352) 846-8578
